Day 1 After a nice early start and breakfast on board we head out to the Marlin Highway hunting for Vanuatu's famous blue & black marlin, wahoo, yellow fin trolling on to Epi to arrive late afternoon at picturesque Lamén Bay for your stay at Sunset Bungalows where we will go ashore and meet the local villagers and Chief Tasso and settle in to your local island bungalow and kick back.

Day 2 After breakfast we head towards the Maskelyne Islands. For those keen GT anglers we'll now get the poppers and jigs firing for your chance at huge giant trevally, dogtooth tuna as well as bluefin trevally and then head back to Sandalai Village to anchor up for the night and experience the hospitality of the local people headed up by Chief Karlo for a few drinks and your evening meal.

Day 3 On this day we can spend more time in and around the Maskelyne Islands chasing G.T.'s, Doggies and reef fish on poppers, jigs and lures. We can also fish the outer reefs for wahoo, mahi-mahi and yellow fin before heading back to Sandalai Village for a few well earned ales and your evening meal.

Day 4 After a leisurely start we head west to the De Chaulliac Bank Sea Mount targeting the yellow fin tuna and marlin that frequent this spectacular location. Other species we are likely to encounter today at the sea mount include mahi mahi and wahoo. If conditions are not favorable to head this direction we can head to the eastern side of Epi for similar activity including sail fish. After a long day we head back to Lamén Bay for a few drinks and your evening meal.

Day 5 or return home day After an early start we head back down the marlin highway targeting marlin, yellow fin, wahoo and mahi mahi. As we get closer to home we'll fish the FAD's located close to Port Vila looking for the last fish of the trip. After arriving at our charter base and high fives all round enjoy a few drinks with the crew before heading back to your overnight accommodation.

***Please note the above itinerary is a guide and is subject to weather and fishing conditions. Itinerary may change at the Captains discretion.**
